GERMANS MAKE FIERCE ASSAULT

Belgian Forts Southeast of Namur Bearing Brunt of Attacks.

DECISIVE STRUGGLE

Liege Fortifications Still Intact—Germans Repulsed—Belgian Machine Guns Effective.

Under a cover of a heavy cannonade from the German artillery a general assault on the Belgian-French British center began at daybreak.

The Belgian front, drawn up from Diest and Malines, to a point southeast of Namur, in Belgian Luxemburg, is bearing the brunt of the attack.

The French reserves and the British forces are centered at Gembloux, ten miles northeast of Namur.

Cannonading began upon the allied forces at dawn.

Simultaneously, a German cavalry detachment dashed toward Tirlemont and clashed with the Belgian cavalry advance near Hasselt.

Belgian aviators reported the slow advance of the massed infantry and it became apparent that the decisive struggle is impending.

An advanced German line has been established at Vise.

A military bridge across the Meuse at this point has been constructed with tracks for the supply trains and a Red Cross Hospital with accommodations for 10,000 has been established.

The German commissary department has begun the distribution of supplies and entrenchment, have been erected to guard the communications.

Reports declare that the battle is now in progress from Liege through Luxemburg. The Liege forts are still intact. Attempts of the German forces to start Fort Pontisse were repulsed with heavy losses, says a war office report. The Germans charged under cover of darkness. They carried hand grenades and heavy wire clippers. Supporting forces carried sandbags and enerenching tools so the attacking forces might entrench themselves if the first defenses were carried. Belgian machine guns, however, swept the approach with terrible effect.

SAYS BRITAIN LIES.

Austria Declares Reasons Given for Declaring War Against Her Are False.

London, August 15.—The Exchange Telegraph's Rome correspondent sends the outline of an official communication from the Vienna government to Rome notifying the Italian government of Great Britain's declaration of war on Austria The Austrian note says:

"Austria's war against Servia, an independent State, and for a cause which did not affect international politics, cannot be considered as the cause for the present European war."

Great Britain's note to Austria, the statement continues, fails to point out the fact that Austria was obliged to declare war against Russia because the latter's mobilization threatened Austria. It is denied that Austria sent troops to the frontier—a fact, the statement says, which France already knew fom the Austrian Ambassador.

"It is evident," the note says in conclusion, "that Great Britain's alleged reasons for declaring war not only are abitrary alterations of facts, but deliberate lies. England has thus lightly broken her traditional friendship with Austria in order to support France, but nevertheless, she will not find Austria unprepared."

NEWS OF THE DAY.

A Washington dispatch to the New York Herald says. Cable dispatches received here from agents of the United States government in Tokyo state that a declaration of war by Japan against Germany is expected, possibly within the next 24 hours.

A Reuter dispatch from St. Petersburg says that a German aeroplane which was making observations of Russian military movements in the Polish government of Suwalki, was fired upon and brought down with a crash. Its occupants, four German officers, were killed.

A dispatch to the London Morning Post from Paris tells of the capture of 700 German uhlans single handed by an Alsation locomotive driver. He was moving a train carrying uhlans to the frontier, and purposely diverted it to another track, and run the cars full speed into France. He stopped at the first French station, and handed over the whole train load of Germans with their horse equipment to French soldiers.

The Copenhagen correspondent of the London Daily News reports that dispatches from Antwerp say that an anti-German mob set fire to a German ship in the harbor at Antwerp. After it was destroyed the mob pillaged another German vessel.

About 150 of the passengers and crew of the Austrian Lloyd steamer Baron Gautsch were killed or drowned when the vessel was blown up yesterday by a mine off the Island of Lussin, on the Dalmation coast, according to a Reuter dispatch from Triest. She carried about 300 passengers and crew, of whom about 150 were rescued.

A dispatch to the London Chronicle from West Hartlepool says that the captain of the Danish steamer Huldamaersk declares that he passed seven sunken German ships 15 miles off Spurn Head, at the northeast entrance of the Humber. Only the masts of the vessels were visible above the water, but the captain believes they were German men-of-war.

Two warships, each having four funnels, badly damaged, and carrying many wounded, entered the harbor at Hongkong Thursday. Their identity has not been learned here, but the vessels are believed to be either the British armored cruisers Minotaur and Hampshire or the French armored cruisers Dupleix and Montcalm. They are reported to have had an engagement with the German cruisers of the same type Scharnhorst and Gneisenau.

Thousands of Cuban cigarmakers have been thrown out of work as a result of the European war. The island republic had been furnishing annually many high-grade cigars to Europe, particularly England.

Harry Forrest, for many years prominent in educational, political and legal circles in the State of Washington, committed suicide by shooting himself at a hotel at Atlantic City a few days ago. Worry over the illness of his daughter, Mrs. Charles Kuhn, is alleged to have caused him to become temporarily deranged.

John Henry Lake, a Hurlock negro, was killed and Frank Dickerson, another negro, of Oak Grove, wounded, perhaps fatally, at a celebration held at Federalsburg, Md., by negroes Thursday night. A general fight was started when one of the blacks objected to the singing. Lake was stabbed just below the heart and Dickinson beaten with a blackjack.

The Austrian steamer Ida, 4,700 tons, which sailed from Trieste and Naples before war was declared, reached Montreal Thursday night and was taken over by the Marine Department at Quebec today as a war prize. Captain Martintolich had heard nothing of the war and was astounded when Marine Department officials notified him of the seizure of his vessel.

Rather than be attacked by police dogs that held him at bay in the hills near White Plains, N. Y., Salvatore Tropea, wanted for murder, shot himself yesterday and will die. Tropea killed a fellow-laborer during a quarrel Wednesday night.

FROM GERMAN STANDPOINT

Chancellor Says Present War Is a Life and Death Struggle.

"FIGHT FOR LIBERTY"

Necessity, He Says, Forced Germany to Violate Neutrality of Belgium—"Our Trust Is in God."

London, August 15.—Marconi's Wireless Press has issued to all the London papers the following German war news, officially circulated through the German wireless stations and received by the Marconi Company.

Berlin, August 15.—In an interview the German imperial chancelor stated.

"The war is a life and death struggle between Germany and the Muscovite races of Russia and was due to the recent royal murders at Serajevo.

"We warned Russia," he said, "against kindling this world war, She demanded the humiliation of Austria, and while the German Emperor continued his work in the cause of peace and the Czar was telegraphing words of friendship to him, Russia was preparing for war against Germany.

"Necessity, forced us to violate the neutrality of Belgium, but we had promised emphatically to compensate that country for all damge inflicted.

England has placed herself on the side of Russia, whose instability and whose barbaric insolence have helped this war, the origin of which was murder, and the purpose of which was the humiliation and suppression of the German race by Russian pan-Slavism.

"We expect that the sense of justice of the American people will enable them to comprehend our situation. We invite their opinion as to the one-sided English representations, and ask them to examine our point, of view in an unprejudiced way."

MEAT DROPS IN NEW YORK.

Lower Prices Attributed to Investigation of Prices.

New York, August 15.—Special agents of the Department of Justice, working under the direction of Assistant United States District Attorney Roger B. Wood, have started upon an investigation of the causes for increased prices of foodstuffs in this city. These agents will seek to learn if a combination exists in violation of the Sherman Law to control fool supplies and dictate prices.

The committee of citizens selected by Mayor Mitchel to investigate the rise in the price of food organized today and appointed subcommittees to co-operate with departments of the city government.

The district atorney has begun a separate investigation. Already some dealers are reported to have reduced meat from 1 to 3 cents a pound.

His Brains Crushed Out

Lynchburg, Va., August 15.—When a carload of stone fell on Theodore Martin, yesterday, his brains were crushed out and he died instantly. He was employed by C. W. Lane, contractor, on the double track of the Southern Railway, at New Glasgow, in the capacity of brakeman on the dinky train used in hauling dirt and stone. The lever on one of the cars refused to work and the stone could not be dumped. Martin got under the car in an effort to release the lever, when the car suddenly dumped and all of the stone fell upon him. He was 26 years old and he lived in Victor, Va., just beyond Christiansburg.

PROHIBITION MEETING.

Arrangements have been made for a big prohibition meeting to be held in the First Baptist Church tomorrow afternoon at 3.30 o'clock. The Rev. Dr. G. W. McDaniel, of Richmond, Va., one of the most eloquent preachers in the state, will discuss the state-wide question.

OPENING OF THE PANAMA CANAL

First Big Ocean - Going Steamship Passing Through Today.

ANCON HAS HONOR

Vessel Left Cristobal at 7 o'Clock This Morning—Expects to Finish Voyage in Twelve Hours.

Panama, August 15.—The canal was the scene of activity last night in preparation for its opening today. On board the steamship Ancon officers and men were busy getting everything shipshape for her start early in the morning on the first voyage of a big ocean-going steamship through the new highway. The Ancon, 10,000 tons register, owned by by the United States War Department and leased to the Panama Railroad for the New York to Colon trade, has not discharged her cargo, as it was planned to have her make the journey fully loaded.

Orders were issued for the Ancon to leave dock at Christobal promptly at 7 o'clock in order that she arrive at the Gatun Locks at about 8. She was boarded last night by John Constantine, canal pilot, who had charge of the ship during her passage today. He hopes to get her through to the Pacific within 11 hours, although 12 hours is the time set for the average trip.

Entering the Gatun Locks at 9, the 71-hour run will bring the Ancon to the end of the deepwater channel in the Pacific at 6 in the evening. The passage of the Cucaracha slide in Cuebra Cut was made shortly before noon. The Canal regulations provide a speed limit of 15 knots in the wider and deeper channels of Gatun Lake, but in the Culebra Cut not more than six knots an hour will be allowed. Every move which the ship made was recorded on plotting charts in the port captain's offices at either end of the waterway. The ship's location was reported at every turn by telegraph. In order that the Ancon's journey may be wholly unimpeded all other traffic on the Canal was suspended.

Those aboard included Govenor Goethals, the canal builder, and numerous other high officials, and President Belisario Porras, of the Republic of Panama, and members of his cabinet. Most of them were accompanied by their ladies. During the voyage a buffet luncheon was served, but without wine, as the Canal Zone is "dry" territory.

The Ancon has a complement of 74 officers and men and is commanded by Captain G. E. Sukeforth.

CHASE IN THE AIR.

London, August 15.—A dispatch to the Exchange Telegraph from Paris says that an official statement issued at the French capital sets forth that a French aviator, reconnoitering in Lorraine, was pursued by two German airmen

Their machines were larger and faster than the Frenchman's and carried three armed men each. After an exciting chase the French fliers escaped and returned to the French lines unharmed. The statement confirms earlier French reports of the Belgian cavalry's success over the Germans who, it is said, suffered severely.

The three Germn aeroplanes flying over Diest were brought down by the Belgian artillery. Two of the aviators were killed by being dashed to earth and the third was terribly injured.

STATE-WIDE PROHIBITION MEETING.

First Baptist Church, SUNDAY, AUGUST 16th, at 3:30 P. M.
Rev. G. W. McDaniel, D. D., one of the most celebrated pulpit orators of the State, will discuss the issue.

At midnight tonight the carnival, which has held the center of the stage on upper King street during the week, will pull up stakes and move to Petersburg, where they will show at the homecoming there next week. Aside from rain Monday and Tuesday nights, the Liberty Show's stay in Alexandria has been a success and large crowds have been attracted nightly to the scene of activities.

Tonight will be no exception of the rule. The last night of the carnival will draw the largest crowd yet is expected. All the shows will be in operation. There will be fun for young and old. The high dive will be given on scheduled time.

The White Sox will have for their opponents on the Cove Sunday the soldier boys of Fort Myer.

A number of members of Virginia Lodge, No. 1078, Loyal Order of Moose, will attend the dedicatory services of the Baltimore home of the Moose on September 7th. It is expected that Vice President Marshall will make the principel address at that time.

The body of Mrs Margaret Kirkwood, who died yesterday at the home of her nephew, G. W. Lewis, at Arlington, Alexandria county, was shipped today to White Hall, Va., for interment. Mrs. Kirkwood was seventy-six years old.

The Indian Guard Band gave a concert at the Children's play grounds Thursday night.

There was a false alarm of fire shortly after twelve o'clock last night.

James Lewis, colored 20 years old, of Emporia, Va., was brought to Emergency Hospital, Washington, yesterday from Tenth and G streets, suffering from laceration about the limbs. He said he had been struck by a train near Alexandria.

A meeting of George Washington Memorial Lodge of Perfection was held last night in Masonic Temple, and considerable routine business was transacted.

The Feast of the Assumption was observed at St. Mary's Catholic Church this morning with masses at 6 o'clock and 8:30 o'clock.

The alarm of fire about 11 o'clock this morning was caused by the discovery of a slight blaze in a house on the east side of St. Asaph street, between Queen and Princess.

WOMAN MURDERED.

Is Shot Down While Standing Before a House in Richmond.

Richmond, August 15.—Creeping up behind Annie Hyde, colored, as she was talking with Pearle Straiter before 400 North Seventh street, a negro, said to have been Eddie Pollard, shot the woman once, and, as she fled with a bullet through her side, fired again at her. The woman staggered to U. L. Lucchessi's restaurant, at 615 East Marshall St., where she fell to the floor and died almost instantly. The second bullet fired by the murderer was shot up Seventh street toward Broad, and it is considered almost miraculous that it did not strike one of the hundreds of pedestrians walking along the thoroughfare at that time.

The neighborhood was in an uproar almost instantly and some half dozen policemen were on the scene in a few minutes. The negro who had fired the shots fled down Seventh street to Clay, thence to Eighth to Leigh, along Leigh to Ninth, and then directly to the dump at the end of the street and is still at large.

The shooting is said to have been one of the most cold-blooded of recent months. It was caused, it is said, because the Hyde woman had Pollard arrested on a charge of beating her He was to have been arraigned in the police court this morning to answer this charge. According to those who knew the Hyde woman, she is said to have said that Pollard had threatened to kill her for causing his arrest, nad that she knew he had been looking for her. She did not see him as he crept through the gloom of the street last night, and was unable to speak after she fell in the restaurant door.

BALTIMORE IS STILL FIGHTING

Wants Rehearing of Claim for Regional Bank Against Richmond.

PROTESTS TO BOARD

Not the Slightest Chance of Change Being Made in Original Selection of Virginia Cty.

Washington August 15.—Baltimore's petition for a rehearing on its claim to the Fifth District Regional Bank as against Richmond has been filed with the Federal Reserve Board. Gans and Hanan, attorneys for the Baltimore regional bank committee, sent the petition, which is brief, here today.

The petition asks a review by the Federal Reserve Board of the decision of the reserve bank organization committee, and requests an announcement of such rules and procedure as may be necessary for conducting the review.

Members of the committee are confident that an opportunity will be granted them to present the city's claim at an early date. New Orleans and several other cities are expected to file similar petitions regarding controversies in other Federal districts.

Milton C. Elliott, who is secretary pro tem of the reserve board says that the board is formulating rules and regulations for the hearing of protests, such as was made by Baltimore against Richmond. The rules for these hearings, Mr. Elliott thinks, will be made public early next week.

As already stated there is not the slightest chance of any change being made in the original selection of Richmond as a reserve city.

The Virginia metropolis, it is known, is considered the most feasible location for a reserve bank to serve the territory outlined by the Reserve Board, and no chnge will be made, the protest of Baltimore to the contrary notwithstanding.

CRIPPLE'S SIDE TORN OPEN.

Brooklyn Child Badly Hurt by Merry-Go-Round.

Baltimore, August 15.—George Ireland, 10 years old, son of George Ireland, 413 Annapolis avenue, Brooklyn, was seriously injured yesterday afternoon while playing on an old-fashioned merry-go-round at Brooklyn Park. The machine is one of the old-time affairs, which is worked by a crank and a set of gears.

With a number of other children, George was playing on it when he was caught in the gears, which gouged out the entire left side of the body, stripping the flesh from his ribs until his kidney was exposed. Nathan Croniser, who was nearby, heard his screams, took him out of the machine and carried him to his home, where he was attended by Dr. Harry Diebel. Dr. Diebel says the boy has a chance of recovery.

The boy is a cripple. When he was 5 years old he was caught in a mowing machine on Lehr's farm, not far from Brooklyn, and his right foot was cut off.

V. M. I. CLAIM NOT PASSED.

Lack of Quorum in House Prevents Favorable Action.

Washington, August 15.—But for the early adjournment of the House yesterday because no quorum could be had, it is believed that the bill appropriating $100,000 for the relief of V. M. I. at Lexington, would have been passed. Yesterday was set aside to pass war claims. After passing one bill, a point of no quorum was made, and, after several roll calls, adjournment was taken.

Representative Carlin, of Virginia, was in the chair during the absence of Speaker Clark. The bill will not come up again for two weeks, unless Majority Leader Underwood asks for a special night session to consider claims of this character.

LOYAL ORDER OF MOOSE.

Preliminary Plans for Construction of Home in This City.

At a meeting of Virginia Lodge, No. 1078, Loyal Order of Moose, which was held last night, preliminary plans were made for the building of a Moose home in this city, to be occupied by the fast growing membership of this organization. It was decided to erect a building that will contain the most modern club conveniences and a large lodge room.

For the purpose of raising funds for the new home it was decided to hold a fall carnival in this city from October 14th to 19th. A committee with J. T. Harrington, as chairman, James A. Hulfish, as secretary and treasurer, and D. G. Brown, as assistant secretary, was named to have charge of the arrangements.

The Italian Foreign Office has summoned home the Italian Ambassador in Paris, St. Petersburg, London and Berlin, as the government desires to consult with them concerning the war situation.

FINED AND IMPRISONED

John Brown Discharges Four Shots at Hugh Burke—Later Assaults Officers.

Between 11 and 12 o'clock last night John Brown, colored, became incensed at Hugh Burke, colored, and followed the latter to an ark on the river front, between Wilkes and Gibbon streets, and fired four shots into the place. Burke escaped the bullets, which were embedded into the side of the ark.

Officers Roland and Garvey, upon learning of the occurrence, started after Brown and finally located him in a house in another section of the city. Upon reaching the house they met a negro named Richard Price, and upon asking the whereabouts of Brown were told by Price that the object of their search was not on the premises. The officers, however, were satisfied Price was attempting to put them off the trail and desired to aid Brown in making his escape. They entered and found Brown, who pretended he was drunk. The officers took him in charge and while he was in custody Brown rushed upon Officer Garvey and knocked him down. He also attacked Officer Roland. He was soon subdued and with Price, conducted to the station house.

The case came before the Police Court this morning, when Brown was fined $50 and sentenced to serve 90 days in jail. Price was fined $10 for attempting to aid in Brown's escape.

The locality under what is known as "Windmill Hill," has long since become an eyesore to the quiet residents of that section of the city. Little shacks and arks are becoming more numerous all the time, where negro men and women mingle. There is reason to believe liquor is sold in the locality.

The northern half of "Windmill Hill" belongs to the Southern Railway Company and the other to private individuals. Midnight orgies in the "bottom" and for several squares away are almost carried on incessantly and disorderly negroes at late hours of the night congregate on corners and disturb the slumbers of quiet people.

Some of those who infest the arks and shacks are patrons of the Police Court and in the ranks of idlers.

AT THE HIGH WATER MARK.

European War Causes Country People to Indulge Dreams of Great Profits.

Last Saturday morning, when city buyers asked some of our rural friends who attend the market why prices had made such a sudden move upward, they were reminded of the fact that war had broken out in Europe. What that unfortunate event had to do with prices of certain garden truck in Virginia is hard to understand, but prices were held at the prices fixed during the early morning hours.

Figures this morning indicated that the country people were determined to continue to use prevailing conditions on the other side of the world to still further advance prices of everything in their line. The following were the figures:

Lima beans, 20 cents per quart, tomatoes, 8 cents per quarter peck; snap beans, 15 cents; cabbage, 5 cents and up; cymlins, 5 cents and up; beets, 5 cents per bunch; potatoes, 10 cents per quarter peck; eggs, 33 cents per dozen. butter 30 to 35 cents per pound; chickens, 25 to 28 cents per pound; cantaloupes, 5 cents and up; watermelons, 20 to 25 cents; peaches, 30 cents per quarter peck (they were at first fixed at 20 cents, but the price was advanced 10 cents in less than an hour); blackberries, 10 cents per box; apples, 5 to 10 cents per quarter peck. Meats showed a still further advance, but fish were selling at the usual prices.

RESOLUTION OF THANKS.

Arrangements Completed for Spur of New Highway.

A meeting of the Citizens' Association of the Jefferson District of Alexandria county and the Board of Supervisors of the county was held last night at Del Ray and the association voted resolutions of thanks to the supervisors and to George H. Rucker, clerk of courts, for their efforts in securing the appropriation of $30,000 for the new road between Alexandria and Washington. Supervisor Edward Duncan announces that arrangements had been completed for a spur to be built from the new road to connect with the Russell road running to Mt. Ida and Rosemont.

WILL HAVE WAR EIGHTEEN MONTHS.

"Eighteen months" was the laconic reply of Lord Kitchener when asked to name the duration of the war.

Lord Kitchener's opinion is not to be despised as it is taken for granted that he knows whereof he speaks, but this announcement will cast gloom over many would-be wiseacres who have persisted in asserting that the conflict will necessarily be short-lived. We have never yet been able to see clearly through their spectacles. During the past two-score or more years the nations now crossing swords with each other have been preparing for conditions now facing the world.

Each country has repudiated the responsibility for this world-wide war, all claiming that it has been forced upon them and that they are merely fighting for their national existence.

This may be so in a few instances, but there can be no doubt that in some cases national greed has plunged Europe into this terrible carnage.

There can be no doubt that Germany has for some time purposed to deal France a deadly blow,and if any country can use as an excuse that it is contending for existence the latter can give more logical reasons than the others.

But to revert to the captain of this article. The sharp advance in nearly all necessaries of life almost as soon as the sword was unsheathed has caused consternation in peaceful, as well as warlike nations, and if a year and a half is to follow before normal conditions shall set in, the struggle for existence among the rank and file of this world will be serious. Beside all this, there is no telling how soon counrtries now neutral may be drawn into this terrible conflagration .

An eighteen-months' universal war is frightful to contemplate. The enormous debts which will necessarily be piled up during that time by nations now at war will require years to repay, while thousands will be swept from the theatre of life by the clashes of arms.

The grim spectre is now casting its shadow over hill and dale in nearly every section in Europe, and the fact that the last two or three weeks' hostilities are but the beginning of sorrows is appalling.

SHARP NOTE TO TURKEY.

Great Britain and Russia Demand Repatriation of Crews of German Cruisers.

London, August 15.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and crews of the German cruisers Goeben and Breslau.

It is reported that the two cruisers were met by Turkish vessels outside and escorted into the Dardenelles.

There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited. According to a dispatch from Constantinople to the Exchange Telegraph Company, Turkey paid $20,000,000 for the cruisers.

A Reuter News Agency dispatch from Paris says advices received here from the Dardenelles declare that Turkish Government says the German flag has not been lowered on Goeben and Breslau, nor have their crews been landed since their arrival in Turkish waters.

A dispatch to the Daily News from Rome says:

"Turkey's purchase of the German cruisers Breslau and Goeben has made an unpleasant impression here. Italy probably will demand an explanation as to the future use of the ships and also warn Turkey that she will not allow the equilibrium of the lower Mediterranean to be threatened, as Italy is determined to prevent complications."

WRIT OF ERROR.

Supreme Court Will Review Case of W. H. Snow Against Southern Railway.

Richmond, August 15.—A writ of error and supersedeas was awarded by the Supreme Court yesterday on the appeal of the Southern Railway Company against W. H. Snow, Jr.

The case comes from the Circuit Court of Culpeper county, where Snow, a telephone operator, in the employ of the railroad company, was awarded a judgment for $1,000 damages in February. He was doing "relief work," handling baggage, and was pulling a truck in the station at Mitchell's Culpeper county, when the tongue of the truck pulled out and Snow fell against a trunk, receiving injuries which resulted in neurasthenia. He sued for $10,000 damages, alleging negligence on the part of the company in permitting a defective truck to remain in service. The jury awarded him $1,000.

5,500,000 MEN MOBILIZED

Nearly Half of Russan Force Reported Along Frontier.

London, August 15.—A dispatch to the Central News from Rome says that according to reliable information from St. Petersburg, Russia has mobilized 2,000,000 men on the German and Austrian frontiers, and 500,000 on the Turkish Roumanian frontiers, while 3,000,000 men are held in reserve.

St. Petersburg, via London, August 15.—With the view of removing the apprehensions of the Poles in Russia, Germany and Austria-Hungary, and of gaining their friendship in the two last-mentioned countries, the Grand Duke Nicholas Nicholaivith, commander in chief of the Russan Army, issued an order yesterday to the effect that all Poles showing loyalty to the Slav cause will be especially protected by the Russian Army and government.

Any attempt to interfere with the personal and material rights of these Poles not guilty of hostility to Russia will, according to the order, be punished with all the severity of martial law.

KIDNAPPERS SENTENCED.

Maximum Sentence Given Leader of New York Band.

New York, August 15.—The maximum sentence of from 25 to 50 years in Sing Sing was yesterday imposed upon Pasquale Milone, leader of the band that kidnapped 8-year-old Frank Long from his home on the East Side and held him a captive for 49 days. Francesco Malacuse, another member of the band, was sentenced to from 12 to 25 years in Sing Sing, while a third member, Vicenzo Acena, was given from 20 to 30 years. Six more alleged members of the band are in the Tombs awaiting trial.

According to the evidence produced at the trial, the kidnappers of the Longo boy threatened to dismember his body and shoot his parents unless money was forthcoming for his return.

Seven hundred dollars in marked money was given to the leaders by the boy's father. After his release Frank led the police to the place where he had been held and pointed out his captors.

GERMANS ANNIHILATED.

Vivid Descriptions of Battles Between Belgians and Germans.

London, August 15.—The Daily Mail's Brussels correspondent describes the engagament at Haelen as showing the Belgians have passed another good test. He says that intermittent booming of heavy guns was audible all morning. This was punctuated about 11 o'clock by sharp detonations, as the Belgains blew up the bridges over the River Gette just in the nick of time. They were under shrapnel fire, and the German cavalry was just debouching to cross.

With the bridges destroyed, the fight resolved itself into an artillery duel, the shrapnel bursting and leaving a long trail of white smoke.

In the meantime, a squadron of Mecklenburg dragoons, with rather reduced effectiveness, endeavored to penetrate the town of Diest at a gallop. About a mile from the town they dashed into a barricade of wagons lined by Belgian infantry. The Germans had their revolvers drawn and charged directly at the barricade.

The Belgians behind the barricade opened murderous fire, and all the dragoons were either killed or taken prisoners. The only living things to surmount the barrier were seven riderless horses maddened by fear.

The Germans then tried to reduce resistance at this point by a crossfire from a battery, but after an interval ceased firing, and, owing to similar repulses on other positions of their front, withdrew in disorder, according to some accounts, to the other side of Gette.

Only two Belgians were wounded. In front of the barricade the Germans lay like a hedge. The frontal attacks of the Germans are apparently contributing to the loss of morale among their troops. This is believed to be the reason why individual Belgians have been able to receive the surrender of so many of their adversaries. At Diest on Wednesday a noncommissioned Belgian officer took ten.

The Post correspondent with the Belgian army sends the following.

"The success of the Belgian army has been astonishing. Everywhere along the line of outposts the Germans meet with baffling checks. Like an angry dog faced by a porcupine the vaunted Prussian army stands puzzled.

'I do not wish to exaggerate the facts or to pretend that the Belgians are winning a series of important battles. Their successes so far are all intrinsically small, but they are making a habit of success, All dread of the Prussians is gone, and that is a most valuable gain.

"Yesterday I walked some distance with a soldier who was on his way from Brussels to one of the Liege forts, Clearly, therefore, the Liege forts are not closely invested when individual soldiers can come and go.

"The Belgians jokingly wonder when the German military skill will begin to show itself. The audacity of the uhlan raids seems nothing more than the audacity of bewilderment, like men who passed from behind. In contact with the Belgian cavalry, the uhlans show inferiority. Moreover, neither the artillery nor infantry has shown brilliancy.

"As an actual fact, the attitude of the Germans today is almost defensive; certainly it is not offensive in any spirited sense."

While resisting arrest Thursday night, Charles Woods shot and killed Thomas Watson, city marshal, of Central City, Ill., and Douglas Duncan, a citizen, who tried to help the marshal. Woods escaped, but surrendered.

Adam J. Hoffer and Henry Gerkin, of Dubuque, Iow, were killed early yesterday in an automobile accident near New Vienna, Ia.

Eugene Chassnoil, aged 67, former president of the New Orleans Stock Exchange, shot and killed himself at the Exchange yesterday. He had been in ill health for some time. For 21 years Mr. Chassnoil was vice-president of the Exchange and for seven years he was its president.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

NO MORE FALLING HAIR
NO MORE DANDRUFF

Nearly every one has dandruff, and must reconcile themselves to the idea of becoming completely bald or resort to the use of Newbro's Herpicide.

The manufacturers have absolute faith in Herpicide to remove all traces of dandruff. So perfect is this belief that all dealers are instructed to sell the preparation with a "money back" agreement.

Such supreme confidence is the best evidence in the world of the merit of Herpicide. They know the result, hence the guarantee. It protects the purchaser.

Used as directed, Newbro's Herpicide eradicates dandruff and prevents the hair from coming out. It stops itching of the scalp, which is so disagreeable.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.

Headache and Nervousness Cured.
"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Olp, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health. For sale by all dealers.

TUBERCULOSIS.
In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.
Eckman's Alterative is most efficacious in bronchia: catarrh and severe throat and lung affections and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

KEEP COOL
and keep your food cool, too, if you would be healthy and comfortable during the dog days. The only way to keep the food in proper condition is to surround it with pure ice—not the cheap and dirty kind that carries contamination with it. We will serve you daily with the purest ice at a very slight cost.

The Twenty-Year Test.
"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Gen. W. Brook, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Not So Strange After All.
You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally Mrs. Rosie Rish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

Dangers of Cholera Morbus.
In almost every neighborhood some one has died from an attack of cholera morbus before medicine could be procured or a physician summoned. Every family should be prepared for such an emergency. Mrs. E. M. Snyder, Herkimer, N. Y., says: "About four years ago my husband had an attack of cholera morbus . I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved the pain immediately, and two or three doses of it effected a cure." For sale by all dealers.

THREE MURDERED.

Fifteen Thousand Dollars Taken from Postmaster by Bandits.

Williamson, W. Va., August 15.—Joseph Sheler, paymaster of the Glenalum Coal and Coke Company, at Glenalum, Mingo county; Dr. W. D. Amick, company physician, and F. D. Johnson, Jr., company electrician, were murdered shortly after noon yesterday, and the payroll of $15,000 was stolen by bandits, who escaped.

The paymaster and his two guards received the money from a Norfolk and Western train at Glenalum, and started for the mines, three miles away, on a velocipede car, operated over a spur track.

Traveling salesmen walking to the mine found the car, with the payroll gone, a mile from the station. Two of the men were dead, and the other said they had been attacked by four Italians, and then he died.

Posses were sent from this town and Bluefield, and bloodhounds from Mateawan have been put on the trail of the bandits.

Mr. Johnson was a native of Lynchburg, Va., and son of Mr. and Mrs. F. D. Johnson, of that city. He was a brother of Mrs. James R. Gilliam and brother-in-law of Congressman Carter Glass.

TERRIFIC HEAT IN FRANCE.

Anxious Relatives at Information Offices to Learn News.

Paris, August 14.—France is sweltering under a heat wave. A number of cases of sunstroke were reported yesterday. Long lines of women could be seen throughout the day outside the offices where information regarding the soldiers in the field is given out, seeking to learn how the heat was affecting their husbands or sons dressed in their thick uniforms and carrying heavy war packs.

DOGS PLAYING THEIR PART.

Belgians Using Animals to Advantage in Pulling Machine Guns.

New York, August 15.—The use of dogs in warfare is not new, but the Belgian Army has been the first to use dogs as draft animals for machine guns . This innovation was tried first during the last general maneuvers of the Belgian Army and it was said the dog guns are a success.

Two of the big draft dogs, in common use in Belgian for pulling little milk wagons and other light vehicles, are attached to a gun, which is mounted on a carriage with two rubber-tired wheels.

The animals trot along at a faster speed than marching infantry. The dog guns are attached to the bicyclist battallion of the carbineer regiments. This battalion is made up of four companies, all mounted on bicycles. The machines, when the men deploy for action, are folded upon their packs. Two machine guns are attached to each company.

The guns are of the French Benet-Mercier type, one of the most improved models of machine guns. A cyclist company of carbineers, with its attendant dog teams pulling the light machine guns, can cover ground as fast as cavalry.

When deployed the men march afoot, while the patient dogs can drag their light loads over all but the very roughest ground. The dogs are taught, as soon as a halt is made, to drop in their harness under the gun carriages and rest. The dogs are a special breed, and have been raised by the army during the last four years for this special purpose, the breed animals being selected from excellent specimens. Spare teams trot behind the guns to act as relays on fatiguing marches.

MR. VOTER:

Do you know that Emporia, Kansas, a town that don't know a saloon when they see it, with a population of 10,000, raised $75,000 this spring for a Y. M. C. A., and they also built a school house in the last year or two at a cost of $135,000?

They don't get any revenue from the saloon there, and are not going to increase taxes this year to pay for the school building.

Vote for Statewide Prohibition.

DEBT CASE.

Governor Hatfield of West Virginia Will Attend Hearing.

Richmond, Va., August 15.—Attorney General John Garland Pollard has returned to Richmond after a ten days' absence that he might read up on the Virginia-West Virginia debt situation, which will be argued in the courtroom of the State Corporation Commission at the State capital here, beginning next Monday. On that occasion Governor Hatfield, attended by the West Virginia debt commissioners and half a dozen attorneys will be present. Major William A. Anderson, of Lexington, former Virginia attorney general; Randolph Harrison, of Lynchburg, John B. Moon, of Charlottesville, with Attorney General Pollard, will represent Virginia. Holmes Conrad, of Winchester, and Sanford Robertson, of New York, will represent the bondholders.

The hearings will be held before Charles E. Littlefield, master in chancery, appointed by the United States Supreme Court of Appeals. It is probable they will last a week.

CHECKS BEING PREPARED.

Thirteen Thousand Persons to Receive $450,000 from Virginia State Fund.

Richmond, August 15.—The staff of Chief Pension Clerk John H. Johnson, in the office of the State auditor of public accounts, and that of State Treasurer Harmon are busy getting up the checks for the second pension payment, which will be made to pensioners on the last day of this month.

The claims of pensioners sent in to the pension bureau, which have been coming in during the last few weeks, have kept the force busy verifying claims and arranging the payment checks. This pension roll is that authorized by the act of 1900 and 1902, amended in 1912, and has upon it approximately 13,000 names. The total amount of pensions paid on this list will be about $450,000.

The pension payment made by the State in May was under the first pension roll, and checks, aggregating nearly $55,000, were sent out to about 1,200 pensioners. This list has been reduced by death to about one-fourth its original number.

Chief Clerk Johnson yesterday afternoon stated that there are still a number of claims to be received between now and September 1.

FIRED ON STEAMER.

Steamer Dorchester Has Thrilling Experience on Coast of Massachusetts.

Newport News, Va., August 15.—Sliping out into the Atlantic Ocean from Boston without flying any colors, the Merchants and Miners' Transportation steamer for Baltimore, was fired upon three times by an unknown foreign warship, presumably the Britsh cruiser Suffolk, off the coast of Massachusetts yesterday afternoon.

Three shots were fired by the foreign warship in rapid succession. The Stars and Stripes were being hoisted over the Dorchester's stern when the third cannon boomed forth and the shot struck the water near the American steamer.

When the American flag broke to the breeze the warship ceased firing and turned about and was soon lost to sight. Captain Hatch says he was not able to identify the ship, but it is known that the suffolk was in that vicinity at the time and he assumes that she was the ship.

Many passengers were on deck when the foreign warship was sighted, and when she opened fire there came near being a panic on board the passenger steamer.

No time was lost by the crew in getting up the Stars and Stripes, and officers and passengers felt better when the firing ceased.

A gift of $10,000 to James M. Lynch, New York State Commissioner of Labor, was voted yesterday at Providence, R. I., by the International Typographical Union in recognition of his work for the organization. Mr. Lynch was formerly president of the union.

Three men were killed at Dongola, Ill., yesterday when the wall of a burning building fell on them. The fire destroyed half the business section of the town. The loss was $200,000.

Fatal Fall From Window.

Charlottesville, Va., August 15.—Arthur Booth, 20 years old, fell from a third-story window in Low Building at an early hour yesterday morning, sustaining a fracture at the base of the skull and a broken leg. He died at the University Hospital late yesterday afternoon. He leaves his widowed mother, two sisters and two brothers.

EFFECTS OF PROHIBITION.

Bishop Kilgo's Statements Concerning North Carolina Controverted.

Richmond, August 15.—Statements regarding the effect of prohibition in North Carolina alleged to have been made by Bishop John C. Kilgo, of Durham, N. C., and published several days ago by the organ of the Virginia Anti-Saloon League, do not by any means agree with statements made by Durham business men, who are necessarily in closer touch with real conditions.

Bishop Kilgo is quoted as saying: "As to drunkenness, it is a rare thing to see an intoxicated man in North Carolina. Prior to Statewide prohibition, it was nearly impossible to pass a day without seeing any number of drunken men."

This is what J. T. Salmon, a Durham contractor, says about it:

"I know just about how big the shipments are of liquor into Durham, for I am the contractor who was employed to build the 'liquor building' for the express company when the liquor shipments became so large that they couldn't be handled in the regular offices.

"Prohibition has succeeded in one thing. That is, it has been a great aid to the making of criminals and it has done no good in Durham."

"We thought prohibition would prohibit, but have learned very plainly in the last few years that it doesn't prohibit the sale and use of liquor, and that it has been a bad thing for the locality," says M. G. Markham, Register of Deeds in Durham, N. C. "Any one can get liquor in Durham without much trouble. We were much better off when we had the open selling of liquor, both financially and morally."

"We still have drunkenness! We still have illicit selling and making of whiskey, and liquor is being shipped into Durham by the carload lots

"Prohibition doesn't prohibit, never has prohibited and never will prohibt.

"That's about all there is to say in regard to it," says J .T. Sneed, of Sneed, Markham & Taylor, largest dry goods firm in Durham.

"The blind tiger is our greatest evil,"" says W. J. Christian, president of the Merchants' Bank of Durham, N. C. "There are thousands of gallons of liquor coming in Durham every week."

Says W. J. Brogden, Mayor of Durham:

"The prohibition law in North Carolina is most decidedly an unfair one. It hasn't stopped drinking, and has served to take away the respectability of a whole lot of our people."

Those who have recently visited Raleigh, the capital of North Carolina, declare that they experienced no difficulty in getting whiskey whenever they wanted it. Perhaps this is partially accounted for by the fact that so many of the drug stores in Wake County, the county in which Raleigh is situated, have taken out federal liquor licenses.

COMFORTING WORDS.

Many an Alexandria Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoyng, dangerous urnary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Alexandria readers

Mrs. Martha L. Byrne, 209 Wilkes street, Alexandria, says: "I was suffering severely from backache. My kidneys were badly disordered and I felt all run down. I was helped so much by the first box of Doan's Kidney Pills that I kept on taking them until I was well. I never fail to recommend Doan's Kidney Pills after all they have done for me and you may continue using the endorsement I gave some years ago. I take the remedy every once in a while and it keeps me in good health."

Price 50c at all druggists. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Byrne had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Case of L. L. Cantelou.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.
